**Re: Met Signal Requirements - Signals from the WFPS to TSO**

Dear Ellen,

I refer to the ESB Networks correspondence to CRU of 10 October 2018 seeking approval of Distribution Code modification MPID 45, as recommended by the Distribution Code Review Panel meeting 02 October 2018.

The CRU is satisfied that ESB Networks has recommended this modification for approval by the CRU in accordance with the relevant provisions set out in the Distribution Code for the handling of revisions and that the views of stakeholders have been adequately considered and addressed. The CRU notes that this modification aligns the Distribution Code with the Grid Code Modification MPID 273.

Having considered the modification and its supporting documentation the CRU approves this modification and directs ESB Networks to revise the Distribution Code which shall be deemed to be amended accordingly from the date of this letter.

Yours sincerely,
